Kent Fraud Alert System

TO STOP FRAUD*

Fake Text or Emails

Sometimes you may receive a text or email which it is so realistic that you are not sure if it is a fake or not. If you are uncertain, adopt the ABC of Scam awareness and <u>Never</u> <u>Assume</u> or <u>Believe</u> that a message is genuine but <u>Confirm</u> by contacting the organisation directly using their contact information on their official website or app. DO NOT USE THE NUMBER OR LINK IN THE MESSAGE, as this may take you to a realistic looking website under the control of the criminals.

Report suspicious emails by forwarding them to <u>report@phishing.gov.uk</u> and forward suspicious text messages to 7726, which spells SPAM on your telephone keypad.

If you think that you may have been a victim of this or any other type of scam, then contact your Bank immediately, which you can do by calling 159 and report it to Action Fraud at www.actionfraud.police.uk or call 0300 123 2040.

Not sure if a message is real? Contact the organisation directly using the contact details on their official website, not the number or web address in the message. **Your bank (or any other official source) won't ask you to supply personal information by email.**

Preventing fraud

Together, let's stop scammers.

Remember, ABC:

<u>never</u> Assume

never Believe

🔟 <u>always</u> Confirm
